Dear Applicant,

**Re: - Regional conveners**

Many thanks for the interest you have shown regarding the post of Regional Convener.

It is with much regret that these positions have been 'put on hold' by the Association. The reason is that we have not had enough interest nationally to make the regional convener network a reality. The Association does hope that this will be corrected and these will be in place within the next two years.

Once again, I would like to take this opportunity to thank you for your interest.

Please find the details of the forthcoming November conference on our website [www.pre-op.org](http://www.pre-op.org)

Respectfully yours,

Jenny Bramhall  
Consultant Nurse
